# S.S. EASTERN

## Foreword

The aim of the 1939 staff has been to portray every aspect of life at Eastern that can be illuminated by the **LANTERN'S** rays. With this in mind, we are now aboard the S.S. Eastern, embarking on a cruise into 1939. The crew, from the stern visaged pilot on the bridge to the carefree shipmates below decks, all are eagerly awaiting each interesting event. Both the commonplace and the unusual phases of life aboard ship are recorded pictorially in our blue and gold log, making a permanent record of the voyage, especially for those who are embarking on the S.S. Eastern for the last time.

Editor-in-Chief	Richard Bauerle
Business Manager	Martha Gilmore
Advertising Manager	Kenneth Harlow

# U.S. EASTERN

## In Appreciation

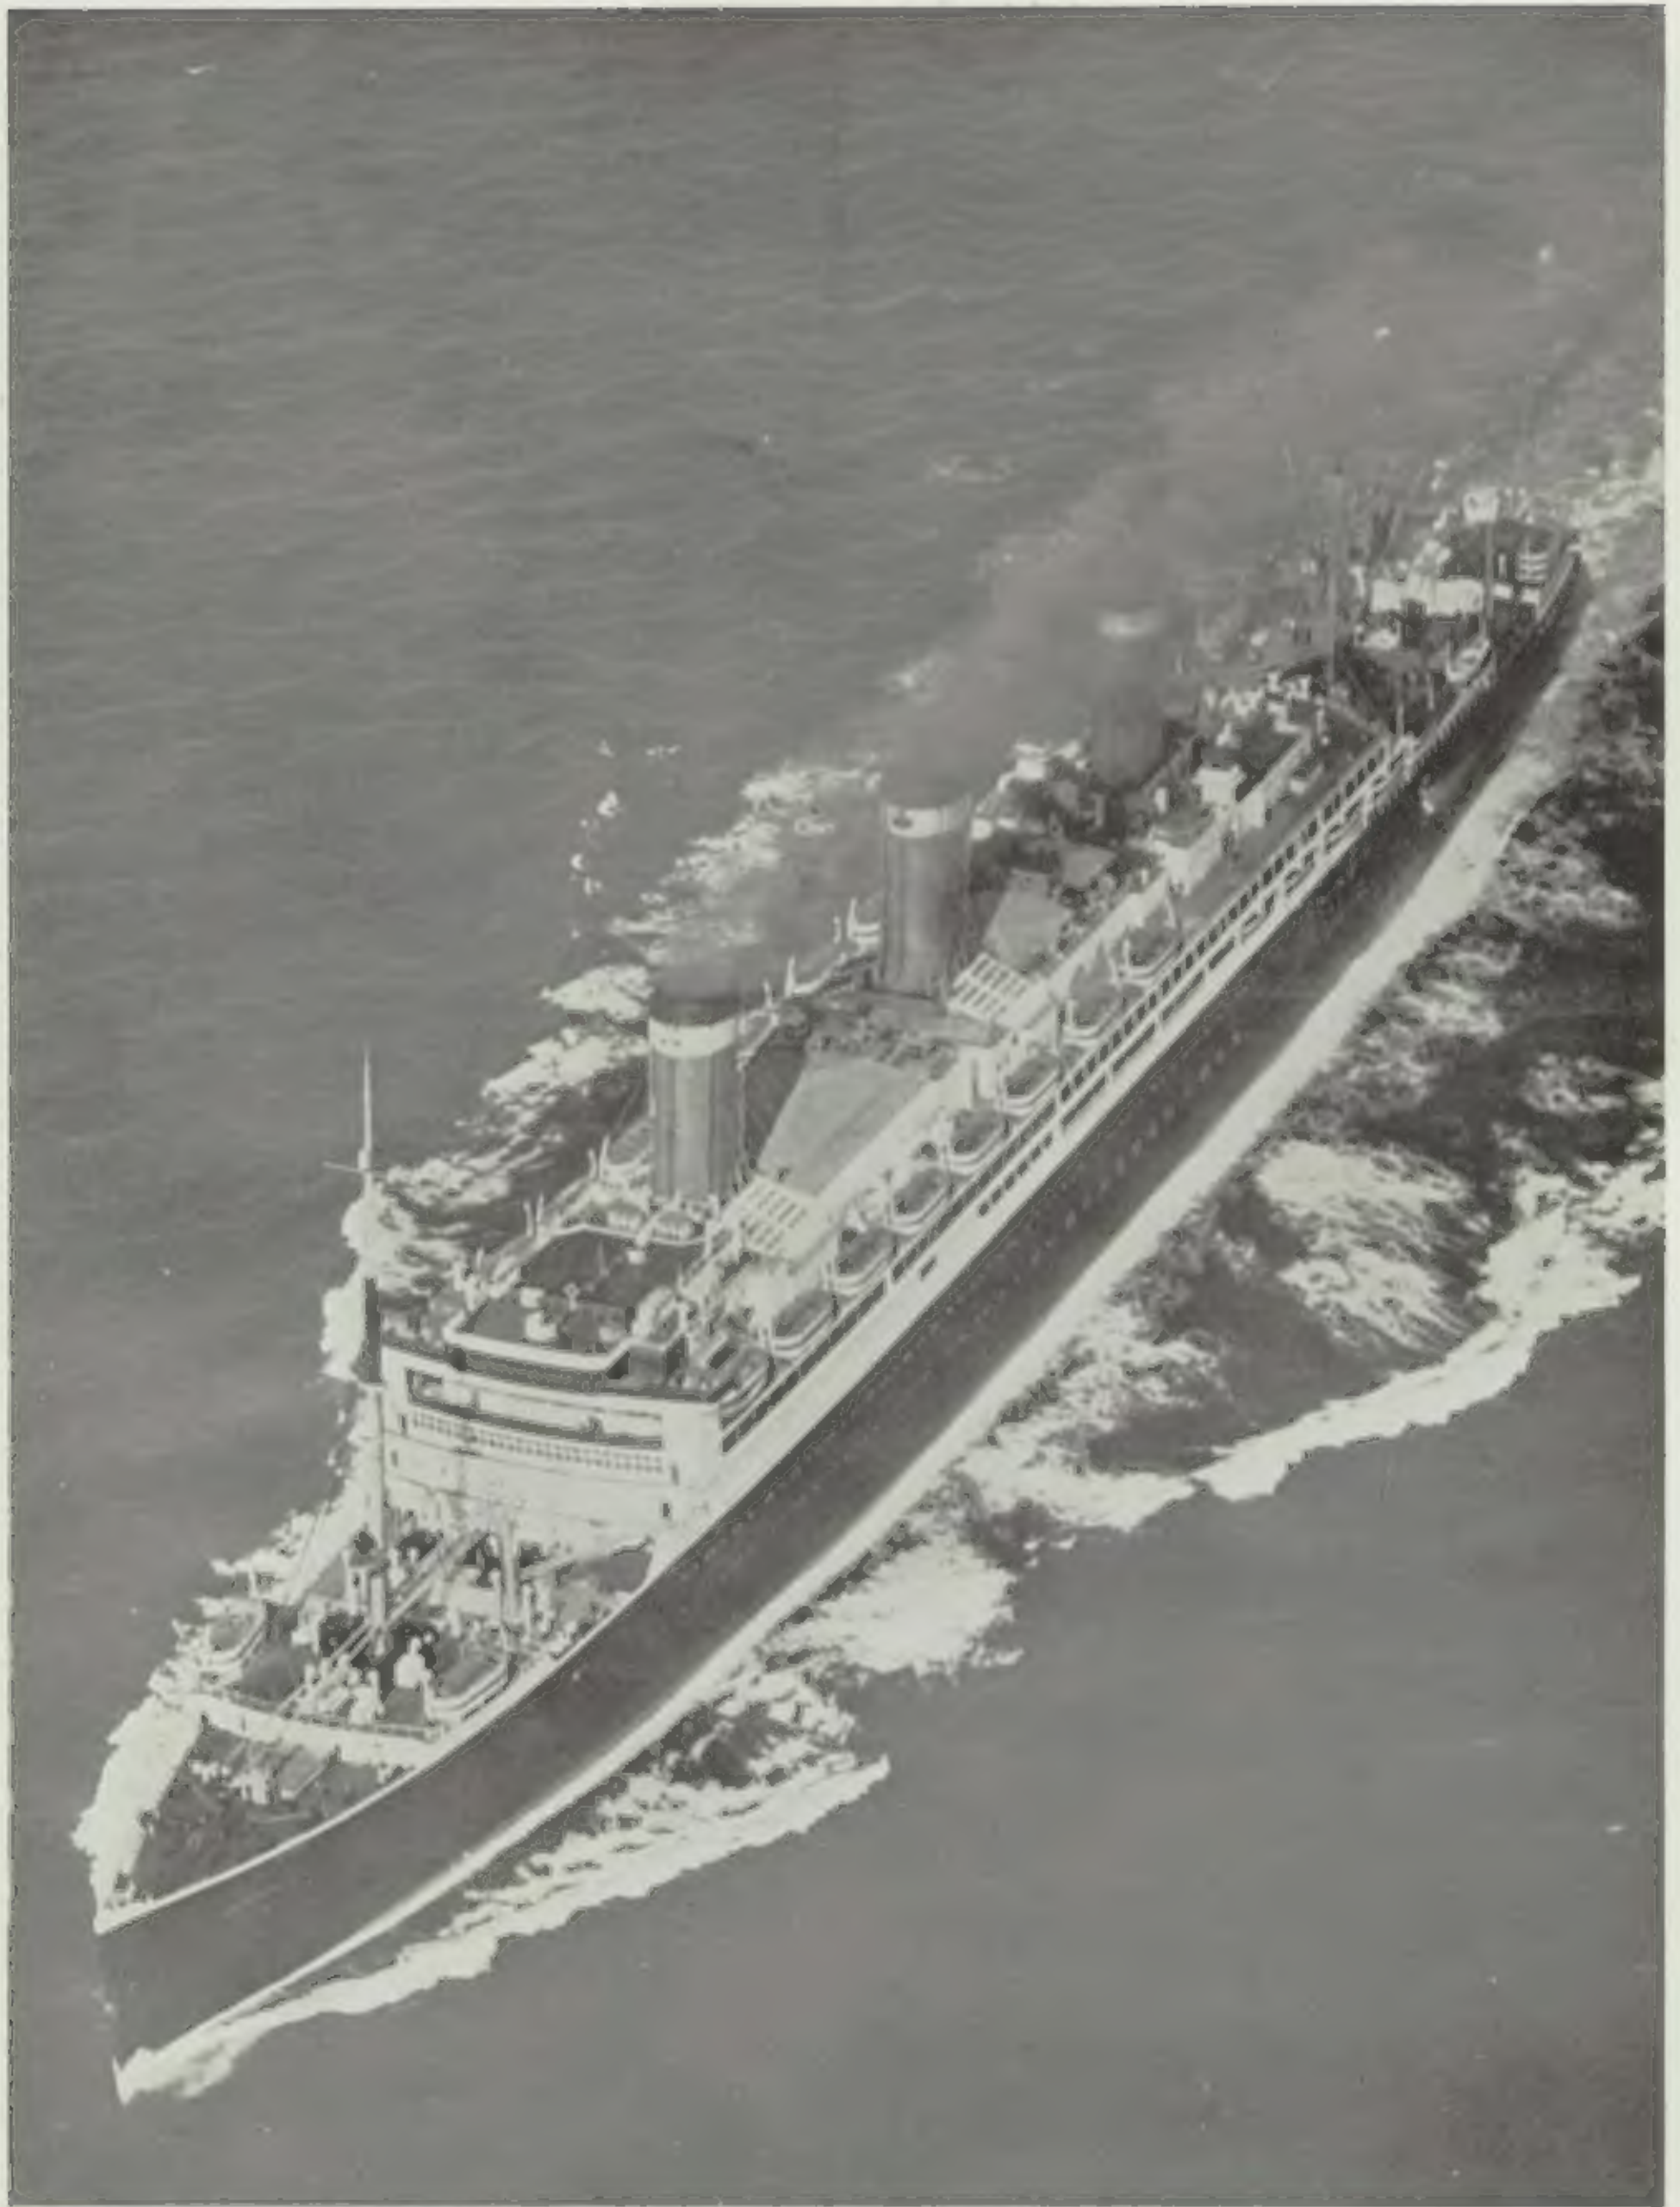

In appreciation, **MR. MANZ**, for your invaluable services, we, the senior classes, dedicate to you the 1939 **LANTERN**. The various capacities in which you have served during your ten years at Eastern merit our recognition and thanks. As treasurer of Eastern you have handled the finances of our many organizations, which is in itself a great task. In addition, your activities as President of the Lansing Teachers' Club, as a capable commercial instructor, and as the adviser of the senior class for two years prove your worth to all of us. Your humor, personality, and genuine friendliness have served to help make our three year residence here an enjoyable one.

[illegible]

1. The first step is to identify the key components of the system. This includes understanding the hardware, software, and data involved.

2. The second step is to define the requirements. This involves determining what the system is intended to do and what it must be able to handle.

3. The third step is to design the system. This includes creating a detailed plan of how the system will be built and how it will be tested.

4. The fourth step is to implement the system. This involves building the system according to the design and testing it to ensure it meets the requirements.

5. The fifth step is to maintain the system. This involves monitoring the system's performance and making any necessary adjustments.

*J. H. Andrews*

Miss Wheeler, our librarian (at left), patiently seeks filed material for bewildered pupils who are for the first time wading through their long term papers

Because she can't take care of all, her efficient staff which is chosen on its merits and spends hours shuffling and checking books in and out, is always ready to lend its aid

Telephoning, filing hundreds of schedules and marks, writing tardy slips for the pupils and answering a hundred and one questions—this portrays our two office girls, Nan Etson and Wilma Johnson. Miss Etson's position is that of Mr. Rich's personal secretary, while Miss Johnson serves as the assistant secretary.

## English

Row 1 \_\_\_\_\_  
Row 2 \_\_\_\_\_

Not only is the new traveler always dis-  
tressed by the way he speaks  
but also by the way he writes. Our American  
people know that people  
are often misled by the  
poorly written letters  
which come to them from foreign  
lands.

## Language

There are always some very  
scholarly looking people  
either reading or patiently  
studying the words and  
pronunciations of the  
more brilliant student  
behind their hand.  
The language that  
is spoken. Three of  
apparently feeling  
that Latin is a  
dead language and  
aside their books and  
turned to the curio case  
to learn something of  
Roman life and

## Home Economics

Chefs, stewards, and stewardess received their culinary arts training in the food laboratories of the S S Eastern

Why tramp home after the strenuous fourth hour, when you can go down on first deck and have a tasty bite in the cafeteria?

When traveling abroad, one wants a desirable selection of clothes which will best suit her personality. Suggestions for these, and many more wardrobes, are made in the clothing classes.

Mr. Burdham, Russell Schneider, Don Wheeler, Maynard Mortimer

## Mathematics

eldom are famous  
sitting quietly  
without a pupil or two lean-  
ing over their shoulders, wondering how  
the equations can  
be solved correctly. They  
will have help some poor  
w at the board who is trying to  
angles and triangles meet

Many peculiar plants  
have grown and fl  
servatory under the care of  
Not only plant

is the angleworm and the lo  
Feeman, in the above pict  
taken the cover off the dessicator, and  
the students are a little fearful wondering  
if something might jump out at t

## Science

## Social Science

The group at the long table at the right make up the department from whom we learn not only of past events but something of what to expect in the future. The students behind the **American Observers** (below) seem to be reading the joke section, but in reality they are keeping the [redacted] well informed about the late [redacted] of the world.

Row 1: [redacted] ysa [redacted] [redacted] Maynard M [redacted] [redacted] Leta Krievet  
[redacted] [redacted] T G [redacted] [redacted] [redacted] [redacted] Row 2: [redacted] [redacted]

## Physical Education

When passengers in the S.S. Eastern  
take a dip in the white tiled pool,  
play a fast game of shuffle board, or try  
their skill in that highly popular game of  
badminton, they can go to one of our gyms.  
Above, Miss Calhoun's modern dancing  
club is very popular and keeps its members  
in shape by daily putting them through  
their various exercises.

## Music and Art

The art teacher, Miss Holland, is just beginning a wall mural depicting life at Eastern. This project has been carefully supervised by our art instructor, Miss Holland. In putting up a picture which advertises summer cruises, she makes us all see the world as it is.

Assembly programs have developed from such projects. Between Mr. McIntire and Mr. Fennell, who are Mr. McIntire's choir has thrilled us with its music. Mr. McIntire has instilled much loyalty in our hearts by playing the national anthem at the beginning of every school day.

# SHORE LEAVE

# At Ease!

## Seeing the World

Senors and senoritas of Eastern's **SPANISH CLUB** watch round-eyed as Miss Ericson shows them lands across the bounding main. They find the picturesque country of Spain, with its romantic traditions, its ancient customs and its medieval grandeur most enchanting.

Row 1: E. J. Duley, M. Johnson, M. Malone, M. Wilson, V. Simmons. Row 2: G. Edou, R. Yanz, R. Yanz, M. E. Erickson, D. Griffin, H. Cavinaugh. Row 3: J. Farr, H. Lundan, R. Myers, T. N. Kel.

Row 1: H. Lundan, A. ...  
A. ...  
A. ...

Row 2: M. Kambal, B. Hagkan, P. Borkwith, B. Marion, G. Wonnacott, M. Manning, D. Rhoades, M. Anderson, R. Letherman, B. Crawford.

## Anchors Aweigh!

Here is the **TRAVEL CLUB**, a group of students that set a never-ending journey. They study methods of transportation and then, at the end of the school year, they launch a journey.

## Parlez-vous Francais?

French inclined sailors find a ready welcome in the **FRENCH CLUB**, where the various holidays and customs are observed. They find the frivolity and lightness of "Gay Paree" very delightful.

Row 1: Clerk (V. P.) V. Cornstock  
 Row 2: W. Poller, R. Johnson, E. N. H.  
 Row 3: S. Richmond  
 Row 4: B. Barnes, B. Cooper  
 Row 5: M. L. Larson, K. Batchelder

Row 1: S. Palmer (V. P.) D. Perkins  
 Row 2: M. Mayer, (News Reporter) M. I.  
 Row 3: B. Hemingway  
 Row 4: J. P. P. (Secretary)

Row 4: K. L. M.

*Success, Phil  
 Hemingway*

rest of the members of the **DRAMA CLUB** offer helpful bits of advice and criticism. Perhaps, in this very organization, are the stage and screen stars of tomorrow!

## The Play's the Thing!

## Stamps, Stamps, and More Stamps!

At left, members of the **STAMP CLUB** find the collecting, discussing, and trading of stamps from the various ports of the globe a very interesting and profitable pastime.

Row 1: L. Dombrowski, H. Heide,  
R. Haynes

Row 2: M. Erbe

## Hold It!

An Eastern shipmate photographs his brother **CAMERA CLUB** members for a permanent record in the good ship's log. Candid shots are their specialty—and they waste no time in making the most of every inviting situation around the good ship's decks!

Row 1

Row 2

Row 3

## Paint Splashers!

Here are the S.S. Eastern's artistically inclined sailors members of the **BRUSH AND PALETTE CLUB**. They find outlets for their dreams and emotions in the pictures they paint. To their ability in beautifying surroundings do we owe much of the attractiveness of our ship.

Row 1

Row 2

Row 3

L. Fisher, D. Ely, B.

J. Reuley, B. McIntosh, I. Conner

Row 1

D. Price, A. M.

Row 2

Row 3

## Solving Some of the Mysteries of Life

To these chemically minded members, at left, of Eastern's **CHEMISTRY CLUB**, who search deep into the atomic and molecular realms, water no longer is just the bounding surge but reveals itself before their eyes as a compound,  $H_2O$ .

## Mightier Than the Sword

At left, our sailors of higher writing ability compose the Quaker Chapter of **QUILL AND SCROLL**, a National Honorary Journalists' Organization for high school students.

## Forensics

Eastern is recognized as an important member of the Michigan High School Forensic Association. Debating is extremely popular, and when we sailed last fall, twenty-five turned out to answer the call for debaters. Out of forty-two debates, our team was victorious in thirty-four.

In the spring of 1938, Grace Sidoti, right, fought her way to the district title for oratory in an attack which brought us second places in extempore and declamatory speaking. Grace entered the state-wide oratory contest held at Michigan State College in April of this year, and placed second in a field of eleven contestants.

In the ship's forensic speaking, Don Nickerson and Grace Sidoti won in extempore speaking. Kirkconnell took first in declamatory speaking.

This year the department entered a new activity - radio broadcasting. Debates have been broadcast over station WJR, of Detroit, station WJIM of Lansing, and were broadcast from station WKAR, East Lansing. Dramatic programs and variety shows were also presented from time to time.

When the ship is used for the presentation of a program of any kind, it is the Auditorium Club (upstairs) that owe our ease in finding room for the program in the spacious auditorium.

## It Takes Co-operation!

Sailors with a yen for knots get their desire fulfilled in the **BOYS' and GIRLS' TUMBLING CLUBS**. Making human knots of themselves is a specialty to these double-jointed swabs. You can find them in the ship's gyms, practicing pyramid building, horizontal bar work, and other gymnastic feats. During the year the clubs performed for various social functions. There is an art depending upon an undivided attention to and a skilled co-operation in their work.

# SHIP SPORTS

## Football Opens Athletic Year

and sports were well rewarded

At the top of the page is shown the "controlling head of our sports program," the **ATHLETIC BOARD OF CONTROL**. Standing: D. Kaultz, Mr. Graff, Mr. Manz, W. Ball. Seated: Mr. W. W. W. Mr. Rich, R. Yan.

Showing great promise, the Eastern eleven opened their schedule with an easy 83-0 win over Rochester. Taking on a strong River Rouge team next, the Quakers fought through to a well earned 20-6 victory. Opening the Five-A League season at Jackson, the gridgers were given a scare but continued on their winning ways by the margin of 13-4.

The next week Battle Creek traveled here and ran into a tough down parade, losing by a score of 30-0. Port Huron on their own field, the Quaker machine kept their victory

this district with a 2-7  
 win. Burnham, Grafton,  
 turned in their third  
 Five-A league victory  
 with a 13-6 win over  
 Andover. To cap  
 their season, ranked  
 first in the annual  
 city battle, the team  
 turned in a hard fought  
 13-6 victory over Grand  
 Haven.

Meeting the team that  
 defeated Lakeland Cen-  
 tral for the Five-A and  
 State Championship  
 before an estimated  
 crowd of 7,000, the  
 Quakers played a  
 fine brand of football,  
 but were defeated 7-0.

Much credit is due the  
 coaching staff com-  
 posed of Mr. Graft, Mr.  
 Burnham, and Mr. Mor-  
 rison for the large part  
 they played in the suc-  
 cess of the team. Mr.  
 Morrison, former All-  
 American center at the  
 University of Michigan,  
 came to the staff this  
 year.

## Grid Glimpses

At the top, left, is a random shot from the annual football banquet. A majority of the persons in attendance were players or their friends and relations. Below it is a picture of the speaker at the table with Mr. Wheeler making use of one of his many jokes. Directly below is an exciting scene from the Grand Haven East game.

Above at the left is a view of the coaching staff during one of the more tense moments of the Grand Haven game. At the right is a picture of the pre-game warm-ups of the Grand Haven team.

## Cross Country Team Completes Brilliant Season

Row 1: R. Merritt  
L. Rowley, R.

Row 2:

its most successful seasons. The team was led by Don Merritt, veteran star, and was well balanced throughout. The team turned in victories over Ann Arbor, May, and Jackson, and finished the season with a record of 10-1. Their only defeat was at the hands of Jackson, 39-19.

At the State meet, the team finished in eighth place. Meeting some stiff competition in the State meet, the Quakers ended in eighth place. In Coach Winston's own words, "This year's team was probably the best in Eastern's history."

## Cheer Leading

At football and basketball games the exuberant spirit of the Eastern supporters is very noticeable. A large share of the credit for this fine support is due the cheer leaders for their excellent leadership. Under the fine tutelage of Mr. Leyrer the cheer leaders have progressed rapidly within the past few years. The members of the squad are pictured at the left.

## Swimming Team

The Swimming Team, under the guidance of Coach [Name], has achieved significant success in the past season. The team has participated in several regional and state competitions, where they have consistently performed well. The team's dedication and hard work have led to numerous victories and records. The team is proud to represent the school and the community in the sport of swimming.

The team's success is a result of the coach's expertise and the athletes' commitment. The team has a strong sense of camaraderie and teamwork, which has been instrumental in their achievements. The team is looking forward to the upcoming season and hopes to continue their winning streak.

Row 3

## Record Makers

The first meet of this season began a grand pace when the team gained a victory of 47-24 over Kalamazoo Central.

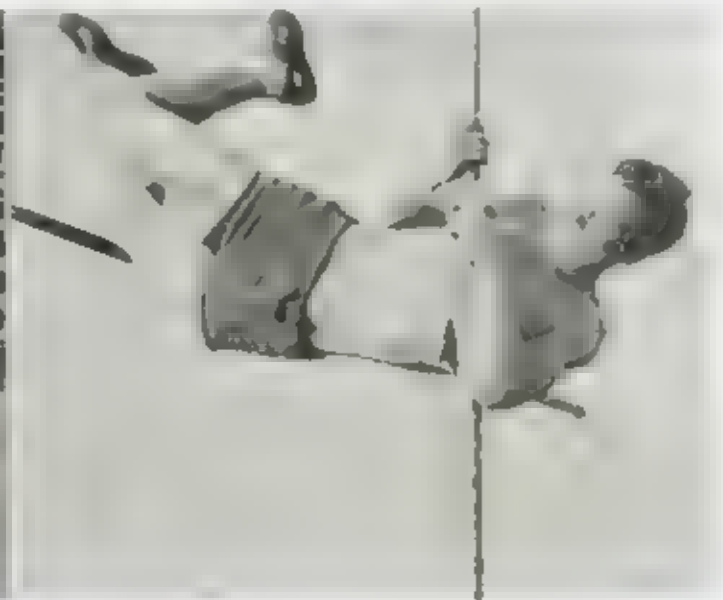

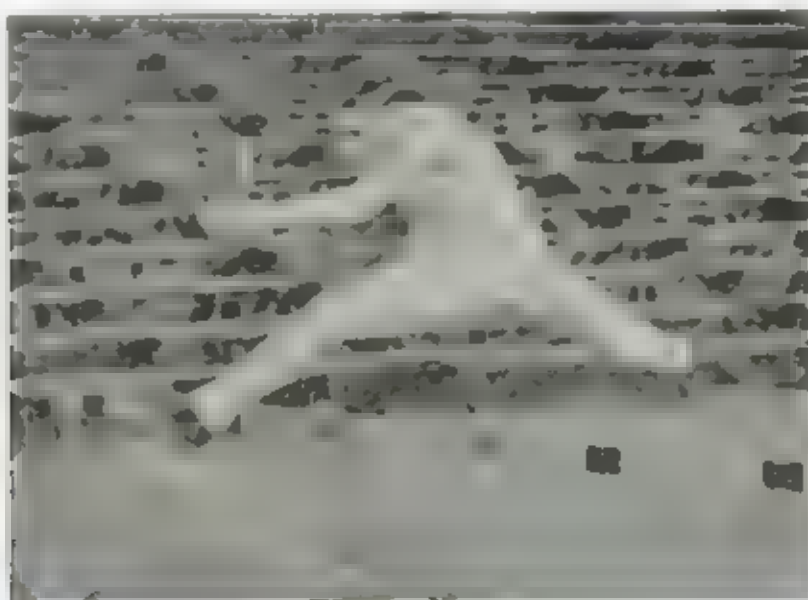

The fellows had a let down at Ann Arbor, losing 49-23-36-1-3 but soon regained their stride, defeating Okemos and Battle Creek by the lop-sided scores of 90-14 and 72½-31½.

The closest meet of the year was held with Central, but after a fierce and determined struggle our tracksters managed to top them by a score of 53-51.

After winning a close meet with Jackson, 53½-

50½, the fellows drilled seriously for the 5-A League track meet at Ann Arbor.

The team made a splendid showing at Ann Arbor, where three records were made by Eastern's color-bearers; Dale Kaulitz set a new low for the 200 yard low hurdles; Ted Wonch sailed into the air to establish a new height for pole vaulters; and Dick Ruckle made a record broad jump of 20'4". To add to the honors, Don Merritt placed first in the 880 yard run. Eastern was nosed out for first place in team honors, garnering 48¼ points to Jackson's 49½.

## DUO-THERM WATER HEATER

### OIL-BURNING

Hot water costs won't make you boil, if you let a new Duo-Therm automatic fuel oil burning water heater get on the job. With a Duo-Therm you get all the hot water you want when you want it, at the turn of the tap—and at a cost so low it will amaze you.

You can install and use these modern water heaters in city, resort or country. There's no gas or electricity to worry about—farm people, cottagers now can enjoy the same convenience as the city dweller.

Quality-built straight through—a Duo-Therm water heater will give you years of cheap, plentiful, nuisance-free hot water. There is a model to meet your requirements.

# MILESTONES

**Y**OUR graduation day is *one* of the milestones you'll pass by during your lifetime.

Each of you will have different milestones throughout the years ahead. Some will mark progress, some achievement, and some reward. All will not be happy; trials may beset the way,—but as you reach those milestones, one by one, do so in the peace-giving knowledge that you did your best, and lived up to the rules of life's game,—fairly, honestly, and wholeheartedly!

## A TRIBUTE

"Be American" was the philosophy of our late governor. His last public address Mr. Fitzgerald challenged youth to hold high the torch of Americanism that succeeding generations may have the benefits that we enjoy under our government. By educating ourselves in self-government, through the use of the opportunities offered by our student council, we, of Eastern High School, are attempting to carry out Governor Fitzgerald's entreaties for better citizenship.

# SEE HIGH, WIDE AND THEN SOME!

FROM A BIG-WINDOW, BIG-WINDSHIELD OLDS

## 30% MORE WINDSHIELD AREA IN OLDS "70" AND "80"

SEE all there is to see in the great outdoors. Drive a stunning new Olds Seventy or Eighty with Observation Body by Fisher. Enjoy the extra vision that comes from greater windshield and window area—up to 412 more square inches in 4-Door Sedans, with safety plate glass throughout at no extra cost! Olds, you'll find, is a regular sight-seeing car when it comes to vision—a regular

fortress when it comes to strength and safety, for Fisher Unisteel construction protects you with solid steel above, below and all around. But the body is just the beginning. Oldsmobiles are sensational performers—full of zip and zest on city street or open highway—amazingly easy to start, to steer, to stop or to park. Visit your nearest Oldsmobile dealer. Take a trial drive and see for yourself!

## APPRECIATION

Educational technique and facilities may change, but the fact that a school yearbook cannot be published without expert guidance and assistance remains an eternal verity. Realizing this, the members of the Lantern staff wish to express their sincere appreciation to all those who in any way aided in the compilation of this book.

We are especially grateful to Mr. Bruce Stone of the Stone Printing Company for his advice on the organization and printing of the book, to Mr. Andrew Werback of the Lansing Colorplate Company for his interest in the engravings, to Mr. Leonard A. Versluis of the Versluis Studios for the many courtesies extended in the making of pictures; and to Mr. Justin Miller of Kover Kraft for his advice and suggestions regarding covers.
